4 -H Clubs Are Back in Action!

McLean County 4-H is thrilled to announce that our clubs are starting up again! In September, we kicked off the year with our first meetings for the Lego Robotics, Teen Club, and Livestock Club. It's been exciting to see new and returning faces joining us, but there's still time for anyone interested to get involved!

Each club offers unique benefits for youth. The Lego Robotics Club encourages teamwork and creativity while building and programming robots. The Teen Club provides a space for teens to develop leadership skills, make friends, and engage in meaningful community service. Meanwhile, the Livestock Club is perfect for learning about animal care, agriculture, and responsibility—even if you don't own livestock.

We're looking forward to a great year of fun, learning, and growth. If you're interested in joining any of these clubs, reach out to the McLean County 4-H office to sign up today!
